The rate of assessment for each of the above categories of Lot Ownership shall be determined by the Board of Directors, in its sole discretion, and shall be published with the proposed budget. Because unimproved lots and lots without access through association roads have less impact on the roads and common property, these lots shall be assessed at the lowest rate. Improved Lots shall be assessed at a higher rate.

The annual dues and assessments shall be determined by a vote of the Board of Directors and brought to the membership for approval at the “fall meeting” of the membership. If a change is approved by the membership, it will go into effect on the next January 1st, which is the beginning of the membership year.
